

Southfields Primary school

Early Years Foundation Stage

Hello Everyone, My name is Sal and
I am the Head of the Southfields mice.
I am here to let you know about starting
Big School.

I have a team of mice who are here to help you settle into Southfields School. You will all have your very own mouse.

In September, the teachers and the Southfields mice will meet you with your family at School and show you around your new School.

We have lots of fun activities for you.

We have planned a picnic, outdoor games, an exciting family forest trail and lots of craft activities too!

In the second week you are going to be really brave just like me and come into School all by yourself. You will join your teacher and Class for even more fun and exciting learning activities- But don't worry a Southfields mouse will always be with you to help you!

Southfields mice are very clever little mice and have secret little paths to follow so they can pass on messages and visit whenever you need them. All you need is the magic mouse door. My team will help you make one when you visit us.

We can't wait to meet you and have lots of fun together.

Lots of love

Sal_x
